

Capability Statement

D.D.I. Machine Works is an Atlanta based corporation that supplies fabricated and machined parts and products to the federal government, commercial and private customers. D.D.I. has over 45 years of strong and diverse professional engineering and design experience in predominantly government applications. Our production experience includes aircraft interiors, military vehicles, accessories, and fixturing. We are capable of providing fully functional prototypes and reverse engineering existing or obsolete parts. We offer a capacity for short to medium production volumes as well as custom one-off design to full production.
